Collection Summary

Creator: J. Walter Brain

J. Walter Brain (March 19, 1936- April 19, 2015) was a Concord, MA, landscape architect, poet, writer, natural local historian, Thoreauvian scholar, and longtime member of The Thoreau Society. In addition, he was an advocate for birds, animals, land conservation, protection of endangered plants, The Walden Woods Project, and the area loved by Henry David Thoreau.

Abstract: This collection consists of the research collection and personal papers of J. Walter Brain. The research collection is comprised of material gathered and received over many years, including Brain's personal journals and notes.

Related Collections:

- The Thoreau Society Archives
- The Walter Harding Collection in the Thoreau Society Collections
- The Raymond Adams Collection in the Thoreau Society Collections
- The Roland Wells Robbins Collection in the Thoreau Society Collections
- The Wheelwright Collection

Preferred Citation: The J. Walter Brain Collection in the Thoreau Society Collections at The Walden Woods Project.

Permission information: For permission to quote or reproduce material from this collection, please contact both info@thoreausociety.org and curator@walden.org. Describe intended use, identifying the collection and the portion you want to use.
